Jesse Kavadlo, Bob Batchelor

The Disappointment Artist Jonathan Lethem, 2014-08-07 Lethem illuminates the process by which a child invents himself as a writer, and as a human being, through a series of approaches to the culture around him. In the title piece, a letter from his aunt (a children's book author) spurs a meditation on the value of writing workshops, the role and influence of reviews, and the uncomfortable fraternity of writers. In 'Defending The Searchers', Lethem explains how a passion for the classic John Wayne Western became occasion for a series of minor humiliations. In 'Identifying with Your Parents', an excavation of childhood love for superhero comics expands to cover a whole range of nostalgia for a previous generation's cultural artefacts. And '13/1977/21', which begins by recounting the summer he saw Star Wars twenty-one times, 'slipping past ushers who'd begun to recognize me...', becomes a meditation on the sorrow and solace of the solitary moviegoer.

Conversations with Jonathan Lethem Jaime Clarke, 2011-06-01 Conversations with Jonathan Lethem collects fourteen interviews, conducted over a decade and a half, with the Brooklyn-born author of such novels as *Girl in Landscape*, *Motherless Brooklyn*, *The Fortress of Solitude*, *Chronic City*, and many others. Winner of the National Book Critics' Circle Award, Lethem (b. 1964) covers a wide range of subjects, from what it means to incorporate genre into literature, to the impact of the death of his mother on his life and work, to his being a permanent sophomore on leave from Bennington College, as well as his flight from Brooklyn to California and its lasting effect on his fiction. Lethem also reveals the many literary and pop culture influences that have informed his writing life. Readers will find Lethem as charming and generous and intelligent as his work. His examination of what it means to live a creative life will reverberate and enlighten scholars and fans alike. His thoughts on science fiction, intellectual property, literary realism, genre, movies, and rock 'n' roll are articulated with elán throughout the collection, as are his comments on his own development as a craftsman.

Understanding Jonathan Lethem Matthew Luter, 2015-07-15 *Understanding Jonathan Lethem* is a study of the novels, short fiction, and nonfiction on a wide range of subjects in the arts by American novelist Jonathan Lethem, who is the recipient of the National Book Critics Circle Award for Fiction for *Motherless Brooklyn*, a MacArthur Foundation genius grant, and the Locus Award for Best First Novel for *Gun, with Occasional Music*. Matthew Luter explores the key contemporaries of and influences on Lethem, who is the Roy Edward Disney Professor of Creative Writing at Pomona College.

Luter begins this volume by explaining how Lethem's innovative and provocative essay on creative appropriation, *The Ecstasy of Influence*, differs from other writing about influence, suggesting an artistic mode that celebrates thoughtful borrowing. Readings of Lethem's three major novels follow: taken together, *Motherless Brooklyn*, *The Fortress of Solitude*, and *Chronic City* present a novelist coming to terms with the joys and downsides of artistic influence. Luter concludes the edition with an examination of Lethem's third collection, *Lucky Alan: And Other Stories*. Borrowing openly and promiscuously from earlier traditions both high and low (experimental fiction, comic books, art film, detective novels), Lethem displays a career-long interest in questioning what literary originality might mean in a postmodern age. Some suggest that such borrowings indicate a literary well that has run dry, making writers such as Lethem mere patchwork artists. Luter argues instead that Lethem's propensity for wearing his influences and obsessions on his sleeve encourages new thought about originality itself. Out with it's all been done and in with look at all that's been done, and all that we can still do with it!

Jonathan Lethem and the Galaxy of Writing Joseph Brooker, 2019-12-12 Author of *Motherless Brooklyn* and *The Fortress of Solitude*, Jonathan Lethem is one of the most celebrated and significant American writers working today. This new scholarly study draws on a deep knowledge of all Lethem's work to explore the range of his writing, from his award-winning fiction to his work in comics and criticism. Reading Lethem in relation to five themes crucial to his work, Joseph Brooker considers influence and intertextuality; the role of genres such as crime, science fiction and the Western; the imaginative production of worlds; superheroes and comic book traditions; and the representation of New York City. Close readings of Lethem's fiction are contextualized by reference to broader conceptual and comparative frames, as well as to Lethem's own voluminous non-fictional writing and his adaptation of precursors from Franz Kafka to Raymond Chandler. Rich in critical insight, *Jonathan Lethem and the Galaxy of Writing* demonstrates how an understanding of this author illuminates contemporary literature and culture at large.

The Year's Best Science Fiction: Twenty-Third Annual Collection Gardner Dozois, 2006-07-11 In the heart of the new millennium, worlds beyond our imagination have opened up, blurring the line between life and art. Embracing the challenges and possibilities of cyberspace, genetics, the universe, and beyond, the world of science fiction has become a porthole into the realities of tomorrow. In *The Year's Best Science Fiction Twenty-third Annual Collection*, our very best SF authors explore ideas of a new world with such compelling stories as: *Beyond the Aquila Rift*: Critically acclaimed author Alastair Reynolds takes readers to the edge of the universe, where no voyager has dared to travel before---or so we think. *Comber*: Our world is an ever-changing one, and award-winning author Gene Wolfe explores the darker side of our planet's fluidity in his own beautiful and inimitable style. *Audubon in Atlantis*: In a world not quite like our own, bestselling author Harry Turtledove shows us that there are reasons some species have become extinct. The twenty-nine stories in this collection imaginatively take us far across the universe, into the very core of our beings, to the realm of the gods, and the moment just

after now. Included here are the works of masters of the form and of bright new talents, including: Neal Asher, Paolo Bacigalupi, Stephen Baxter, Elizabeth Bear, Chris Beckett, Dominic Green, Daryl Gregory, Joe Haldeman, Gwyneth Jones, James Patrick Kelley, Jay Lake and Ruth Nestvold, Ken MacLeod, Ian McDonald, Vonda N. McIntyre, David Moles, Derryl Murphy, Steven Popkes, Hannu Rajaniemi, Alastair Reynolds, Robert Reed, Chris Roberson, Mary Rosenblum, William Sanders, Bruce Sterling, Michael Swanwick, Harry Turtledove, Peter Watts, Liz Williams, and Gene Wolfe. Supplementing the stories are the editor's insightful summation of the year's events and a lengthy list of honorable mentions, making this book both a valuable resource and the single best place in the universe to find stories that stir the imagination and the heart.

Seen and Not Seen Jasun Horsley, 2015-01-30 Popular culture mirrors the human soul and it can't lie about the state it is in—which is what makes it an essential guide on the quest for self-knowledge. *Seen and Not Seen: Confessions of a Movie Autist* is a series of autobiographical explorations which slowly uncover the author's secret life to himself. Revisiting his former writings on film and deconstructing old texts, he engages in a literary dialogue with his past as he struggles to bust open his fantasy life and reach the truth behind it. Moving into and through the cultural, social and political dimensions of movies, the book maps previously undiscovered psychological and spiritual realms of the movie-going experience to create an engaging, thought-provoking, utterly original narrative about the essential acts of movie-watching, writing, and self-examination.

Boyz n the Void G'Ra Asim, 2021-05-11 Writing to his brother, G'Ra Asim reflects on building his own identity while navigating Blackness, masculinity, and young adulthood—all through wry social commentary and music/pop culture critique. How does one approach Blackness, masculinity, otherness, and the perils of young adulthood? For G'Ra Asim, punk music offers an outlet to express himself freely. As his younger brother, Gyasi, grapples with finding his footing in the world, G'Ra gifts him with a survival guide for tackling the sometimes treacherous cultural terrain particular to being young, Black, brainy, and weird in the form of a mixtape. *Boyz n the Void: a mixtape to my brother* blends music and cultural criticism and personal essay to explore race, gender, class, and sexuality as they pertain to punk rock and straight edge culture. Using totemic punk rock songs on a mixtape to anchor each chapter, the book documents an intergenerational conversation between a Millennial in his 30s and his zoomer teenage brother. Author, punk musician, and straight edge kid, G'Ra Asim weaves together memoir and cultural commentary, diving into the depths of everything from theory to comic strips, to poetry to pizza commercials to mapping the predicament of the Black creative intellectual. With each chapter dedicated to a particular song and placed within the context of a fraternal bond, Asim presents his brother with a roadmap to self-actualization in the form of a Doc Martened foot to the behind and a sweaty, circle-pit-side-armed hug. Reading Style Jenny Davidson, 2014-06-24 A professor, critic, and insatiable reader, Jenny Davidson investigates the

passions that drive us to fall in love with certain sentences over others and the larger implications of our relationship with writing style. At once playful and serious, immersive and analytic, her book shows how style elicits particular kinds of moral judgments and subjective preferences that turn reading into a highly personal and political act. Melding her experiences as reader and critic, Davidson opens new vistas onto works by Jane Austen, Henry James, Marcel Proust, and Thomas Pynchon; adds richer dimension to critiques of W. G. Sebald, Alan Hollinghurst, Thomas Bernhard, and Karl Ove Knausgaard; and allows for a sophisticated appreciation of popular fictions by Stephen King, Neil Gaiman, Lionel Shriver, George Pelecanos, and Helen DeWitt. She privileges diction, syntax, point of view, and structure over plot and character, identifying the intimate mechanics that draw us in to literature's sensual frameworks and move us to feel, identify, and relate. Davidson concludes with a reading list of her favorite titles so others can share in her literary adventures and get to know better the imprint of her own reading style.

Is It Still Good to Ya? Robert Christgau, 2018-10-04 *Is It Still Good to Ya?* sums up the career of longtime *Village Voice* stalwart Robert Christgau, who for half a century has been America's most widely respected rock critic, honoring a music he argues is only more enduring because it's sometimes simple or silly. While compiling historical overviews going back to Dionysus and the gramophone along with artist analyses that range from Louis Armstrong to M.I.A., this definitive collection also explores pop's African roots, response to 9/11, and evolution from the teen music of the '50s to an art form compelled to

confront mortality as its heroes pass on. A final section combines searching obituaries of David Bowie, Prince, and Leonard Cohen with awed farewells to Bob Marley and Ornette Coleman.

Michael Chabon's America Jesse Kavadlo, Bob Batchelor, 2014-07-08 Author Michael Chabon is acutely attuned to life in contemporary America, providing insight into the history of the late twentieth and early twenty-first centuries in novels such as *The Mysteries of Pittsburgh* (1988), *Wonder Boys* (1995), and *Telegraph Avenue* (2012). The Pulitzer prize-winning author of *The Amazing Adventures of Kavalier and Clay*, Chabon follows in the footsteps of past stylists, writing across multiple genres that include young-adult literature, essays, and screenplays. Despite his broad success, however, Chabon's work has not been adequately examined from a critical perspective. *Michael Chabon's America: Magical Words, Secret Worlds, and Sacred Spaces* is the first scholarly collection of essays analyzing the work of the acclaimed author. This book demonstrates how Chabon uses a broad range of styles and genres, including detective and comic book fiction, to define the American experience. These essays assess and analyze Chabon's complete oeuvre, demonstrating his deep connection to the contemporary world and his place as a literary force. Providing a context for understanding the author's work from cultural, historical, and stylistic perspectives, *Michael Chabon's America* is a valuable study of a celebrated author whose work deserves close examination.

Reading for My Life John Leonard, 2012-03-15 Right up until his death in 2008, John Leonard was a lion in American letters. A passionate, erudite, and wide-ranging critic, he helped shape the landscape of modern literature. He reviewed the most celebrated writers of his age—from Kurt Vonnegut and Joan Didion to Toni Morrison and Thomas Pynchon. He championed Morrison's work so ardently that she invited him to travel with her to Stockholm when she accepted her Nobel Prize. He also contributed many pieces on television, film, politics, and the media, which continue to surprise and impress with their fervor and prescience. *Reading for My Life* is a monumental collection of Leonard's most significant writings—spanning five decades—from his earliest columns for the *Harvard Crimson* to his final essays for *The New York Review of Books*. Here are Leonard's best writings—many never before published in book form—on the cultural touchstones of a generation, each piece a testament to his sharp wit, fierce intelligence, and lasting love of the arts. Definitive reviews of Doris Lessing, Vladimir Nabokov, Maxine Hong Kingston, Tom Wolfe, Don DeLillo, Milan Kundera, and Philip Roth, among others, display his passion and nearly encyclopedic knowledge of literature in the second half of the twentieth century. His essay on Ed Sullivan and the evolution of television remains a classic. Throughout Leonard's reviews and essays is a dedicated political spirit, pleading for social justice, advocating for the women's movement, and forever calling attention to writers whose work challenged and excited him. With an introduction by E. L. Doctorow and remembrances by Leonard's friends, family, and colleagues, including Gloria Steinem and Victor Navasky, *Reading for My Life* stands as a landmark collection from one of America's most beloved and influential critics.

Nerds David Anderegg,2011-03-03 A lively, thought-provoking book that zeros in on the timely issue of how anti-intellectualism is bad for our children and even worse for America. Why are our children so terrified to be called nerds? And what is the cost of this rising tide of anti-intellectualism to both our children and our nation? In *Nerds*, family psychotherapist and psychology professor David Anderegg examines why science and engineering have become socially poisonous disciplines, why adults wink at the derision of nerdy kids, and what we can do to prepare our children to succeed in an increasingly high-tech world. *Nerds* takes a measured look at how we think about and why we should rethink nerds, examining such topics as: - our anxiety about intense interest in things mechanical or technological; - the pathologizing of nerdy behavior with diagnoses such as Asperger syndrome; - the cycle of anti-nerd prejudice that took place after the Columbine incident; - why nerds are almost exclusively an American phenomenon; - the archetypal struggles of nerds and jocks in American popular culture and history; - the conformity of adolescents and why adolescent stereotypes linger into adulthood long after we should know better; and nerd cultural markers, particularly science fiction. Using education research, psychological theory, and interviews with nerdy and non-nerdy kids alike, Anderegg argues that we stand in dire need of turning around the big dumb ship of American society to prepare rising generations to compete in the global marketplace. Watch a QuickTime trailer for this book.

The Graphic Novel Jan Baetens,Hugo Frey,2015 This book provides both students and scholars with a critical and historical introduction to the graphic novel. Jan Baetens and Hugo Frey explore this exciting form of visual and literary communication, showing readers how to situate and analyse graphic novels since their rise to prominence half a century ago. Several key questions are addressed: what is the graphic novel? How do we read graphic novels as narrative forms? Why is page design and publishing format so significant? What theories are developing to explain the genre? How is this form blurring the categories of high and popular literature? Why are graphic novelists nostalgic for the old comics? The authors address these and many other questions raised by the genre. Through their analysis of the works of many well-known graphic novelists - including Bechdel, Clowes, Spiegelman and Ware - Baetens and Frey offer significant insights for future teaching and research on the graphic novel.

The Very Telling Sarah Anne Johnson,2006 An inspiring collection of interviews with some of today's hottest authors.

The Digital Banal Zara Dinnen, 2018-01-02 Contemporary culture is haunted by its media. Yet in their ubiquity, digital media have become increasingly banal, making it harder for us to register their novelty or the scope of the social changes they have wrought. What do we learn about our media environment when we look closely at the ways novelists and filmmakers narrate and depict banal use of everyday technologies? How do we encounter our own media use in scenes of waiting for e-mail, watching eBay bids, programming as work, and worrying about numbers of social media likes, friends, and followers? Zara Dinnen analyzes a range of prominent contemporary novels, films, and artworks to contend that we live in the condition of the “digital banal,” not noticing the affective and political novelty of our relationship to digital media. Authors like Jennifer Egan, Dave Eggers, Sheila Heti, Jonathan Lethem, Gary Shteyngart, Colson Whitehead, Mark Amerika, Ellen Ullman, and Danica Novgorodoff and films such as *The Social Network* and *Catfish* critique and reveal the ways in which digital labor isolates the individual; how the work of programming has become an operation of power; and the continuation of the “Californian ideology,” which has folded the radical into the rote and the imaginary into the mundane. The works of these writers and artists, Dinnen argues, also offer ways of resisting the more troubling aspects of the effects of new technologies, as well as timely methods for seeing the digital banal as a politics of suppression. Bridging the gap between literary studies and media studies, *The Digital Banal* recovers the shrouded disturbances that can help us recognize and antagonize our media environment.
