of the function of the principle in these areas of application part ii the domain of creature god will analyze the role of the principle in the proofs for god s existence this latter part will constitute the greater portion of the book since the domain of creatures in their relation to god is the most significant application of the principle in the writings of st thomas in the course of this investigation relevant analyses by st thomas commentators both classical and contemporary will be considered finally in light of the insights offered by st things have changed a whole lot since this book was wrote i have never had a closer relationship with jesus christ there are many ways he has made a better person out of me i was able to sing a special at church above all a song i loved and never thought that would happen but through the strength of my god he made it possible a few month s after the solo i had a stroke i never knew it happened until i had a dizziness at church amy magsig caught me before i fell when i first met amy about three years ago she was so friendly i felt like i had known her for years she had so many talents god has given her she was the pianist at elbc choir director and a sunday school teacher just knowing amy it is easy to see she is a child of god then i went to the sunday school class and had a major headache when we went into the sanctuary i told reitha i had to go home i had no idea what was going on in my head i spent two days in the hospital and then sent to the rehabilitation hospital i spent six days there and was in good shape when i went back to church i was so much stronger with the way i felt being

Riding the Wind of God 2017-04-19 this book about religious struggle studies four texts from postexilic judah and applies them first to judah and then importantly to modern america two of these texts the books of jonah and job speak out in favor of the theology of grace and against the theology of retribution as advocated by the jerusalem hardliners this struggle to define god continues even today despite the biblical evidence especially the example of jesus many americans still believe in the god of retribution two other texts the book of ruth and the story of rahab demonstrate that if people reject xenophobia nativism and misogyny the entire community is blessed since xenophobia nativism and misogyny are rampant in modern america this message is rather timely the last chapter argues that it is the mission of both synagogues and churches to define god correctly and then to help people overcome their resentment and prejudices and become partners with god but that many predominantly white churches have failed in their mission as evidenced by the fact that so many of their members voted for donald trump
