it was no comfort to know that i was making history for the forced removal of a company president is almost unheard of in japan i rose quietly left the room and holding my head high walked back to my office my main goal was to escape as quickly as possible the board had seemed scared why else would they have acted the way they did but just what were they scared of when michael woodford was made president of olympus the company to which he had dedicated thirty years of his career he became the first westerner ever to climb the ranks of one of japan s corporate giants some wondered at the appointment how could a gaijin who didn t even speak japanese understand how to run a japanese company but within months

wood ford had gained the confidence of most of his colleagues and shareholders unfortunately soon after his dream job turned into a nightmare the trouble began when woodford learned about a series of bizarre mergers and acquisitions deals totaling 1.7 billion a scandal that threatened to bring down the entire company if exposed he turned to his fellow executives including the chairman who had promoted him tsuyoshi kikukawa for answers but instead of being heralded as a hero for trying to save the company woodford was met with vague responses and hostility a clear sign of a cover up undeterred he demanded to be made ceo so he could have more leverage with his board and continue to search for the truth then just weeks after being granted the top title he was fired in a boardroom coup that shocked japan and the business world at large worried his former bosses might try to silence him woodford immediately fled the country in fear of his life and went straight to the press making him the first ceo of a global multinational to blow the whistle on his own company following his dismissal woodford faced months of agonizing pressure that at times threatened his health and his family life but instead of succumbing he persisted and eventually the men who had ousted him were held to account now woodford recounts his almost unbelievable true story from the e-mail that first alerted him to the scandal to the terrifying rumors of involvement with the japanese mafia to the stream of fruitless denials that continued to emanate from olympus in an effort to cover up the scandal he also

paints a devastating portrait of corporate japan an insular hierarchy driven culture that prefers maintaining the status quo to exposing ugly truths the result is a deeply personal memoir that reads like a thriller narrative as woodford puts it i thought i was going to run a health care and consumer electronics company but found i had walked into a john grisham novel

depuis que son compagnon l'a quittée, elle vit seule à Eel House, sa maison d'enfance du Suffolk sur la côte sauvage du nord-est de l'Angleterre. Cette poétesse de quarante-trois ans s'est accommodée d'une vie d'ermite troublée par quelques rares voisins méfiants de cette étrangère qui a longtemps vécu à Londres. Une nuit, elle aperçoit un homme nageant dans la rivière qui borde son jardin. Ben, vingt ans, a fui la guerre civile du Sri Lanka et travaille dans une ferme voisine en attendant d'obtenir l'asile politique malgré leur différence d'âge et de culture. Les deux inconnus se prennent inexplicablement d'affection. C'est le début d'une liaison passionnée qui va se heurter dans un climat de tension à la suspicion de la population locale à l'encontre des nombreux migrants de passage au moment où une série de crimes sème la terreur avec la sensibilité dont elle avait fait preuve dans le magnifique retour à Brixton Beach. La romancière anglaise d'origine sri lankaise, Roma Tearne, réussit un roman incandescent qui parle d'amour et de deuil de rapport aux origines et de liberté.
