Steve Harding, Social Work Tutor, University of Leeds, UK An increase in expectations and practice standards, in recent years, now requires the Practice Educator role within social work to be enshrined in evidence-based

educative practice theory, specialist professional standards, ethics and values. This publication consolidates professional practice standards alongside the PCF within the context of current social work education and would be an invaluable tool for practice educators new and old. It is clear, insightful and above all, comes from an experienced practitioner base. I wish I had had this type of publication when first starting out. I will have no hesitation in recommending this book to my own Trainee Practice Educators within and outside the social work field.
