MRCOG II Short Essay Questions Parveen Abedin, Khaldoun W. Sharif, 2008-04-15 MRCOG Short Essay Questions is the essential aid for all trainees studying for the membership examination of the Royal College of Obstetricians and Gynaecologists. This book contains 150 short essay questions, clearly structured to facilitate both learning and practice.

Questions are divided primarily into obstetrics and gynaecology and secondly by main topics such as infertility, operative gynaecology and antenatal care. The answers are written in the form of bullet points; a format that not only clearly identifies the key points but also emulates the structure of the model answers given to the examiners by the RCOG. Khaldoun Sharif is a consultant in obstetrics and gynaecology at the Birmingham Women's Hospital, and has a proven track record as an author of MRCOG revision books. His co-author, Parveen Abedin recently passed the examination and has therefore provided invaluable insights that have ensured the content is both appropriate and up-to-date.

*Essays on the Pursuit of Truth and on the Progress of Knowledge* Samuel Bailey, 1844

*Midwives, Research and Childbirth* Sarah Robinson, Ann M. Thomson, 2013-11-11 This volume is the first in a series which brings together studies of particular relevance to the care provided by midwives for childbearing women and their families. The series is intended primarily for midwives but we hope that other health professionals involved in the maternity services, as well as those who use the services, will also find the series interesting and useful. In undertaking this venture we have been fortunate in the support received from colleagues, friends and family. In particular we would like to thank the following: the editorial and production staff at Chapman and Hall in London for encouragement and advice; all the authors who have contributed to the series; colleagues at both the Nursing Research Unit, London University and the Department of Nursing Studies, Manchester University; and Paul and Rachel Robinson. This first volume is dedicated to Anne Bent, formerly Director of Education at the Royal College of Midwives and then Professional Officer for Midwifery at the United Kingdom Central Council for Nursing, Midwifery and Health Visiting. Always conscious of the need for midwifery to become a research-based profession and for midwives to be aware of the importance of research, she has made a major contribution to initiating and facilitating developments in both these respects.

**Introduction to Criminal Justice Information Systems** Ralph Ioimo, 2016-04-05 The proliferation of information systems throughout the criminal justice system has prompted many universities supporting criminal justice programs to add criminal justice information systems technology to their curriculums. Several universities have gone so far as to hire professors with specializations in information technology and to offer criminal justice information systems as an area of concentration. *Introduction to Criminal Justice Information Systems* gives an overview of the various software systems and technologies currently used in the criminal justice environment. The book covers a variety of topics critical to each member of the criminal justice system: police, prosecutor, courts, and corrections. It details the current systems in use, how they are used, and how separate systems interact with others. It also suggests how the current technology and the processes built upon it will evolve. While designed as a textbook to meet the needs of an introductory criminal justice information technology course, *Introduction to Criminal Justice Information Systems* is also a flexible resource useful to professionals in relevant areas of the criminal justice system. With rapidly increasing development and use of technology in modern law enforcement,

this book provides a much-needed reference for those who are responsible for its implementation as well as an essential introduction to those who will become responsible for it. An instructor's manual is available as an electronic download upon request.

*Critical Questions in Sustainability and Hospitality* Willy Legrand, Henri Kuokkanen, Jonathon Day, 2023-03-29 Informed by the scholarly and practical viewpoints of a myriad of internationally recognised experts, this engaging and timely volume poses a set of pertinent questions that cover critical and contemporary sustainability issues in hospitality and tourism and proposes actionable solutions. Embellished with informative tables, diagrams and photographs, key questions and debates are discussed from a variety of angles with proposed solutions by industry practitioners, academics and consultants belonging to the Hospitality Net World Panel on Sustainability in Hospitality. Designed to facilitate contemporary discussion and debate, this book presents constructive dialogues which are designed to lead to action within the hospitality industry and education. Key questions cover the following topics: • Major contemporary sustainability challenges - e.g. climate change, biodiversity loss, impacts of pandemics, water scarcity, human right risks. • Specific hospitality functions or departments - e.g. food and beverage, engineering, health and safety, guest relationship, finance, purchasing, human resources. • Strategic issues related to marketing and stakeholder relationships - e.g. sustainability working groups, return on sustainability investment, marketing and reporting sustainability, certification, supplier relationship, engaging guests. This book is an essential reading for students and academics in the field of hospitality and tourism management, as well as industry professionals searching for answers to the challenges they face in enacting sustainability in their business.

**Part 2 MRCOG: Single Best Answer Questions** Andrew Sizer, Chandrika Balachandar, Nibedan Biswas, Richard Foon, Anthony Griffiths, Sheena Hodgett, Banchhita Sahu, Martyn Underwood, 2016-04-04 Part 2 MRCOG: SBA Questions contains invaluable preparation and practice for candidates undertaking the Royal College of Obstetricians and Gynaecologists Part 2 MRCOG examination. This will enable candidates to understand the reasoning and knowledge base behind the question, as well as giving them a clear reference should they wish to read further around the subject. The first part of the book introduces and explains the new format of the Part 2 MRCOG exam, giving insightful advice on the skills required to write a good SBA question. The second part of the book contains chapters matched to the 15 of the 19 modules of the core curriculum, giving a comprehensive range of questions and answers with detailed explanations and references. **Hokum!** Rob King, 2017-04-07 A free ebook version of this title is available through Luminos, University of California

Press's Open Access publishing program. Visit [www.luminosoa.org](http://www.luminosoa.org) to learn more. *Hokum!* is the first book to take a comprehensive view of short-subject slapstick comedy in the early sound era. Challenging the received wisdom that sound destroyed the slapstick tradition, author Rob King explores the slapstick short's Depression-era development against a backdrop of changes in film industry practice, comedic tastes, and moviegoing culture. Each chapter is grounded in case studies of comedians and comic teams, including the Three Stooges, Laurel and Hardy, and Robert Benchley. The book also examines how the past legacy of silent-era slapstick was subsequently reimagined as part of a nostalgic mythology of Hollywood's youth.
