The Ten Cent Boy And The Brooklyn Dime W. Delaney,2014-03-10 Blanche Bianco, a fifteen year old girl, goes reluctantly to a country high school 250 miles north of Brooklyn, where her mother was educated. Her parents are concerned about her slipping grades, drugs, arrests and pregnancy problems at her Brooklyn school. Beautiful in a flashy sort of way and with a Brooklyn accent, she thinks she is an outcast. Then she meets Ken, an athlete-student of unexpected quality but limited means because of a broken home. She doesn't look at him or talk to him differently because he is poor, like most people. They forge a relationship that cracks when she returns to Brooklyn High School of the Arts for her senior year, then on to Brooklyn College of Performing Arts. Ken gets a lacrosse scholarship to Maritime College in the Bronx with Blanche's help, and tries to maintain contact with her. Their relationship hangs by a thread and it is severed when Blanche transfers to Pace University and subsequently gets a movie contract requiring she go to Los Angeles. The only viable link between them lies with Blanche's parents. After Blanche leaves for California Ken transfers from Maritime to Cornell, nearer his mother and sister. His reputation in academics, lacrosse and ethics climb. Blanche's career is financially successful but her films are morally borderline, a fact her father had feared and doesn't hesitate to mention. Blanche has not seen Ken for three years when she comes east to visit her parents during their vacation in the north country at her mother's original home. Ken, working near there for the summer, meets Blanche and they spend five days together. Blanche returns to Los Angeles, and shortly after,

her engagement to a Hollywood producer is announced in the newspaper. The announcement is a publicity stunt. Blanche is concerned Ken will do something violent.

*Return to Earth* Dennis Calloway,2015-02-19 The lucky ones who managed to escape to the moon could only watch helplessly as the rogue planet Lycos slammed into Earth. As fate would have it, they were the future of humankind, with visions of rebuilding the human race on Europa, a distant moon of Jupiter. But in an attempt to mold this new world in his own image, the psychotic moon base leader, Soren, commandeers the ship for his select few and abandons those who might resist his unique vision of their future - condemning them to certain death. Left behind on the moon with a handful of desperate survivors and dwindling resources, Tess Robinson, a rising star in NASA with a troubled past, is thrust into a position where she must make peace with her ghosts if they are to survive. Now, in a frantic race against time and unimaginable odds, they must return to the broken earth if they hope to make the journey to Europa; but they must survive not only the final destructive forces unleashed on the planet, but the barbaric survivors they left behind. Keywords: Earth, Meteor, Moon, Shuttles, Space, Jupiter, Europa, Earthquakes, Orion, Cassiopeia

**Unintended Consequences** Jerry Norton,2015-12-15 UNINTENDED CONSEQUENCES is a look at the deplorable situation in youth sports through the 84-year old eyes of photojournalist, youth coach, referee and league administrator Jerry Norton. Norton makes the case that youth sports have become more about winning than playing and more about adult egos than kids' enjoyment and participation. According to Coach Jerry, the evidence is clear and the verdict is in. Adults--whether malicious or well-meaning--are deemed guilty of hijacking youth sports' most noble and worthy objective--fun. Win-at-all-cost coaches and demanding parents with unrealistic expectations are responsible for horrific acts of violence as well as untold incidents of child abuse that have become common-place in youth sports. The long-time youth sports activist offers constructive criticisms as well as solutions intended to make kids' sports fun again for all participants.
