this book is an in depth account of people s  
cultural and religious life in the jammu  
region of jammu and kashmir india it brings  
out the significance of sufi and deity shrines  
as alternative places of worship that give  
meaning and purpose to people s lives it  
includes sites and practices commonly  
associated with islam sufism and hinduism as  
spaces of shared culture most of the existing  
literature of jammu and kashmir is on kashmir  
focusing mostly on topics such as politics  
state identity conflict or violence this book  
proposes to go beyond these works by  
delimiting the focus and area of the study to  
culture society and religion it explores the  
sites of religious pluralism and tolerance in  
the violence ridden territory of jammu and  
kashmir the chapters are mainly based on  
ethnographic data collected through  
qualitative methods like observation  
participant and non participant case studies  
in depth interviews and oral history the book  
is of interest to researchers both faculty and

graduate students in the areas of sociology of religion social anthropology religious studies cultural studies sufism shrines and deity worship in south asia

*Professional Paper* 1906 the palgrave handbook

of new directions in kashmir studies provides

a comprehensive interdisciplinary and

transregional perspective on the kashmir

dispute spanning south and central asia

kashmir has been at the center of geopolitical

conflicts and rivalries among india pakistan

and china for decades with members of

heterogeneous local communities negotiating

the complexities of regional state formations

national power assertions and geopolitical

competitions taken together the chapters in this handbook examine diverse people's struggles to establish processes of democratic accountability in relation to the colonial era state consolidations postcolonial military occupations interstate wars intrastate armed conflicts and cold war and post cold war politics that have shaped and transformed social and political identities in the region contributors chart out varied and bold new directions by attending to local constellations of situated knowledges and practices through which people living in different parts of the disputed region make sense of the conditions and contingencies of their political lives the handbook further initiates a dialogue on the ways in which state power and border regimes have shaped scholarship and undermined the pursuit of shared intellectual and political projects across physical and epistemological boundaries
