The Trekker's Guide to Voyager Hal Schuster,1996 In 1995, almost 30 years after the premier of the original Star Trek(R), Paramount Pictures aired a new Star Trek series. Star Trek: Voyager(R) was the flagship of its new network, UPN, and the first Star Trek created without the input and guidance of the franchise's creator, Gene Roddenbery. In The Trekker's Guide to Voyager, you'll learn what goes on both behind and in front of the camera in the words of the people closest to the events. Nowhere else will you find detailed biographies of the actors and production crew, complete character profiles, and in-depth specs on every alien in the Delta Quadrant. Learn exactly why Genevieve Bujold quit the role of Captain Janeway just 2 days after she began work on the show. Discover why Voyager is the fourth series (including Generations) in which Tim Russ appears. And just how far away is the Delta Quadrant, anyway? It's all here--and nowhere else. Plus, The Trekker's Guide to Voyager features a special guide to the first two seasons of the show, along with a discussion of the oversights, inaccuracies, and outright blunders that mysteriously appear from time to time. Everything from confused camera angles to disappearing shoes to plot holes through which you could pilot a starship is covered in this comprehensive guide. Totally uncensored, utterly fascinating, and intricately detailed, this book is the ultimate guide to Star Trek: Voyager®. About the Author Hal Schuster is the author of numerous unauthorized Star Trek books and the former editor and publisher of Enterprise Incidents and Comics Feature magazines. He lives in Berkeley, California, and Bangkok, Thailand. This book was not approved, prepared, licensed, or endorsed by any entity involved in creating or producing the Star Trek television series or films.

**Star Trek: Voyager 25th Anniversary Special** Nick Jones,2020-02-18 On January 16, 1995, Star Trek: Voyager made its television debut. The fourth Star Trek series had a very different premise to its predecessors: flung 70,000 light years to the unexplored Delta Quadrant, far from the familiar Federation, the U.S.S. Voyager faced a long and perilous journey home. Across seven seasons, Captain Kathryn Janeway and her crew encountered new species, new wonders, new threats... and some very familiar adversaries for good measure. Celebrating a quarter century since the series first began, the Star Trek:

Voyager 25th Anniversary Special is an essential guide to the U.S.S. Voyager's exploration of the Delta Quadrant. Featuring an exclusive new interview with Kate Mulgrew, plus a season-by-season guide, on-set reports, and spotlights on production design and visual effects, the Star Trek: Voyager 25th Anniversary Special is the ultimate companion to the show that took the Star Trek franchise further than it had ever been before...

**Star Trek Voyager Companion** Paul Ruditis,2003 A companion to the popular syndicated television show offers a complete show-by-show guide to the series, including plot summaries and behind-the-scenes details

Captains' Logs Supplemental Edward A. Gross,Mark A. Altman,1996 In the pages of Captains' Logs Supplemental, authors Edward Gross and Mark A. Altman - whom the Los Angeles Times called the world's foremost Treksperter - brings you the complete behind-the-scenes guide to Deep Space Nine and Voyager, providing candid comments from the actors, writers, producers, and craftspeople who create the shows, along with credits, plot summaries, and airdates. The authors also examine the making of the latest Trek feature film, Star Trek VII, and talk to all of your favourite Next Generation stars, including Patrick Stewart and director Jonathan Frakes.
