First As Tragedy, Then As Farce Slavoj Žižek, 2009-10-05 From the tragedy of 9/11 to the farce of the financial meltdown.

The Courage of Hopelessness Slavoj Žižek, 2017-05-11 In these troubled times, even the most pessimistic diagnosis of our future ends with an uplifting hint that things might not be as bad as all that, that there is light at the end of the tunnel. Yet, argues Slavoj Žižek, it is only when we have admitted to ourselves that our situation is completely hopeless - that the light at the end of the tunnel is in fact the headlight of a train approaching us from the opposite direction - that fundamental change can be brought about. Surveying the various challenges in the world today, from mass migration and geopolitical tensions to terrorism, the explosion of rightist populism and the emergence of new radical politics - all of which, in their own way, express the impasses of global capitalism - Žižek explores whether there still remains the possibility for genuine change. Today, he proposes, the only true question is, or should be, this: do we endorse the predominant acceptance of capitalism as a fact of human nature, or does today's capitalism contain strong enough antagonisms to prevent its infinite reproduction? Can we, he asks, move beyond the failure of socialism, and beyond the current wave of populist rage, and initiate radical change before the train hits?

The Day After the Revolution Slavoj Žizek, 2018-11-27 One hundred years after the Russian Revolution, Žižek shows why Lenin's thought is still important today. V. I. Lenin's originality and importance as a revolutionary leader is most often associated with the seizure of power in 1917. But, in this new study and collection of Lenin's original texts, Slavoj Žižek argues that his true greatness can be better grasped in the last two years of his political life. Russia had survived foreign invasion, embargo and a terrifying civil war, as well as internal revolts such as the one at Kronstadt in 1921. But the new state was exhausted, isolated and disorientated. As the anticipated world revolution receded into the distance, new paths had to be charted if the Soviet state was to survive. With his characteristic brio and provocative insight, Žižek suggests that Lenin's courage as a thinker can be found in his willingness to face this reality of retreat unflinchingly. In today's world, characterized by political turbulence, economic crises and geopolitical tensions, we should revisit Lenin's combination of sober lucidity and revolutionary determination.

Welcome to the Desert of the Real! Slavoj Žižek, 2002 Probing beneath the level of TV punditry, Žizek offers a highly original and readable account that serves as a fascinating and insightful comprehension of the events of September 11.

Event Slavoj Žižek, 2014-01-30 Probably the most famous living philosopher, Slavoj Žižek explores the concept of 'event', in the second in this new series of easily digestible philosophy Agatha Christie's 4.50 from Paddington opens on a train from Scotland to London where Elspeth McGillicuddy, on a way to visit her old friend Jane Marple, sees a woman strangled in a compartment of a passing train (the 4.50 from Paddington). It all happens very fast and in a blurred vision, so the police don't take Elspeth's report seriously as there is no evidence of wrongdoing; only Miss Marple believes her story and starts to investigate... This is an event at its purest and minimal: something shocking that happens all of a sudden and interrupts the usual flow of things; something that appears out of nowhere, without discernible causes, and whose ontological status is unclear - an appearance without solid being as its foundation. In Christie's novel, the role of Miss Marple is precisely to de-eventalize the event, to explain it away as an occurrence which fits the coordinates of our normal reality. A subject for which there is not yet an agreed-upon definition within philosophy, Slavoj Žižek explores the terrain of this contestable term in a series of short chapters that examine everything from the event as political revolution and the rise of a new art form to the event as religious belief and falling in love. *Event* is a mind-blowing, thrilling, accessible book from arguably our greatest living cultural theorist and philosopher. Slavoj Žižek is a Slovenian philosopher and cultural critic. The author of many books, he has made contributions to political theory, film theory and theoretical psychoanalysis.

The Plague of Fantasies Slavoj Žižek, 2009-01-05 Modern audiovisual media have spawned a 'plague of fantasies', electronically inspired phantasms that cloud the ability to reason and prevent a true understanding of a world increasingly dominated by abstractions—whether those of digital technology or the speculative market. Into this arena, enters Žižek: equipped with an agile wit and the skills of a prodigious scholar, he confidently ranges among a dazzling array of cultural references—explicating Robert Schumann as deftly as he does John Carpenter—to demonstrate how the modern condition blinds us to the ideological basis of our lives.

Welcome to the Desert of the Real Slavoj Žižek, 2014-09-24 Liberals and conservatives proclaim the end of the American holiday from history. Now the easy games are over; one should take sides. Žižek argues this is precisely the temptation to be resisted. In such moments of apparently clear choices, the real alternatives are most hidden. Welcome to the Desert of the Real steps back, complicating the choices imposed on us. It proposes that global capitalism is fundamentalist and that America was complicit in the rise of Muslim fundamentalism. It points to our dreaming about the catastrophe in numerous disaster movies before it happened, and explores the irony that the tragedy has been used to legitimize torture. Last but not least it analyzes the fiasco of the predominant leftist response to the events.

Against the Double Blackmail Slavoj Žižek, Slavoj Žižek, 2017 How do we respond to the refugee crisis - by opening our doors, or pulling up the drawbridge? Both solutions, argues Slavoj Žižek, offer ideological blackmail, and both are wrong. He proposes that instead we see the crisis as an opportunity: a unique chance for Europe to redefine itself and its future. 'Žižek identifies the refugee crisis as one of the major global challenges of our time ...he argues for a politics of solidarity'

Event Slavoj Žižek, 2014-08-26 One of the most famous living philosophers provides a philosophical analysis of the meaning of events in this “deeply interesting and provocative” book (The Guardian) An event can be an occurrence that shatters ordinary life, a radical political rupture, a transformation of reality, a religious belief, the rise of a new art form, or an intense experience such as falling in love. Taking us on a trip that stops at different definitions of event, Žižek addresses fundamental questions such as: are all things connected? How much are we agents of our own fates? Which conditions must be met for us to perceive something as really existing? In a world that’s constantly changing, is anything new really happening? Drawing on references from Plato to arthouse cinema, the Big Bang to Buddhism, *Event* is a journey into philosophy at its most exciting and elementary.

Less Than Nothing Slavoj Žižek, 2012-05-22 A thousand-page resurrection of Hegel, from the bestselling philosopher and critic who has been hailed as “one of the world’s best-known public intellectuals” (New York Review of Books) For the last two centuries, Western philosophy has developed in the shadow of Hegel, an influence each new thinker struggles to escape. As a consequence, Hegel’s absolute idealism has become the bogeyman of philosophy, obscuring the fact that he is the defining philosopher of the historical transition to modernity, a period with which our own times share startling similarities. Today, as global capitalism comes apart at the seams, we are entering a new period of transition. In *Less Than Nothing*—the product of a career-long focus on the part of its author—Slavoj Žižek argues it is imperative we not simply return to Hegel but that we repeat and exceed his triumphs, overcoming his limitations by being even more Hegelian than the master himself. Such an approach not only enables Žižek to diagnose our present condition, but also to engage in a critical dialogue with key strands of contemporary thought—Heidegger, Badiou, speculative realism, quantum physics, and cognitive sciences. Modernity will begin and end with Hegel.

The Metastases of Enjoyment Slavoj Žižek, 1994 This text uses Lacanian psychoanalysis as the basis for a renewal of the Marxist theory of ideology. The author's analysis leads into a study of the figure of woman in modern art and ideology, and the links between violence and power/gender relations.
