

PUBLive From Death Row Mumia Abu Jamal

Marcus Harmes, Meredith Harmes, Barbara Harmes

Mumia Abu Jamal John Hayden, 2006 From the knowledgeable perspective of 25 years as a criminal lawyer (mostly appeals like murder, rape, robbery, etc.), a former co-editor of Gilbert's Criminal Law & Procedure, and a free lance writer for over a decade, the author writes incisively about the remorseless cop killer described by America's newspaper of record as: Perhaps the best known Death-Row prisoner in the world. (Page 1, New York Times, Dec. 19, 2001, the day after a federal court nullified a racially mixed jury's July 3, 1982 unanimous sentence of death.) Mumia Abu Jamal - The Patron Saint of American Cop Killers exposes the Hollywood backed Free Mumia! Free All Political Prisoners! movement's claims of racism in jury selection, police frame-up, and police intimidation of defense witnesses as a transparent fraud. With the same precision and insight he devoted to a three part article in the East Hampton Independent (and the Southampton Independent) on the tragic carbon monoxide death of his friend, tennis star, and CBS TV commentator, Vitas Gerulaitis, Hayden takes the reader through the pre-trial, trial, and absurdly lengthy post conviction proceedings. Now that the chances of the cop hating ex Black Panther ever being executed for killing a 25 year old cop are about the same as his chances of ever being found innocent, Hayden predicts that the middle aged Death-Row prisoner will, like Dr. Martin Luther King's cowardly assassin, racist James Earl Ray, die of old age in a 6 X 9 steel cage in a super max prison somewhere in rural America.

Murdered by Mumia Maureen Faulkner, Michael Smerconish, 2009-02-24 New and updated in paperback! Maureen Faulkner is the widow of police officer Danny Faulkner, infamously murdered in Philadelphia in 1981 by Wesley Cook, who goes by the name of Mumia Abu-Jamal. Although Abu-Jamal was convicted and sentenced to death in 1982, in May of 2007 his attorneys appealed his sentence once more (the federal appeals court has not yet ruled). The defendant has become an international cult figure, who has been supported by such Hollywood activists as Ed Asner, Tim Robbins, and Susan Sarandon. Faulkner and radio-host Smerconish tell the other side of the story: the widow's anguish and grief and her attempts to bring closure to her husband's murder more than 25 years later. Smerconish (who is also a lawyer) has studied the 5,000 pages of trial transcripts (transcripts Asner readily admits he has never looked at), and outlines and analyzes the issues and evidence. The case is compelling, and the reader comes away convinced - as is Smerconish - that Abu-Jamal is guilty as charged. It is a latter-day In Cold Blood.

Public Executions Christopher S. Kudlac, 2007-08-30 The death penalty is one of the country's most controversial issues.

The fairness of its application is debated in coffeehouses, classrooms, political arenas, and the media. However, despite its representation in the media, most death cases receive surprisingly little national media attention. In fact, of the 1000 people executed in the United States since 1977, and the 3,500 inmates currently awaiting execution, only a handful of cases can be recalled by the public. Those that are memorable are so because only a few are dramatically represented in the media. Why is it that those that receive the most serious penalty are virtually nameless, while the death penalty in general is one of the most discussed aspects of the criminal justice system? What makes some executions more newsworthy than others? What are the implications of this coverage for the public's understanding of this significant issue? This book looks at those death row cases that received the most intensive media coverage from the 1970s through the present, and why. At the same time, it focuses on changes in public opinion about the death penalty and how newspaper coverage and evolving mass sentiment relate to one another. Kudlac covers such celebrated cases as Karla Faye Tucker, Timothy McVeigh, Aileen Wuornos, John Wayne Gacy, and others that captured the attention of the American public and affected public opinion about the death penalty through the help of the media. He considers issues such as religion, politics, race, gender, and class as he reveals the reasons for our attention to certain cases above others. The book concludes with a consideration of where we go from here. With new investigative techniques that have helped to exonerate some death row inmates, and various other considerations that have come into play in recent cases, the future of the death penalty will continue to be shaped by the media and the public.

Transcending the Talented Tenth Joy James,2014-01-21 In *Transcending the Talented Tenth*, Joy James provocatively examines African American intellectual responses to racism and the role of elitism, sexism and anti-radicalism in black leadership politics throughout history. She begins with Du Bois' construction of the Talented Tenth as an elite leadership of race managers and takes us through the lives and work of radical women in the anti-lynching crusades, the civil rights and black liberation movements, as well as explores the contemporary struggles among black elites in academe.

Prison Power Lisa M. Corrigan,2016-11-04 Winner of the 2017 Diamond Anniversary Book Award and the African American Communication and Culture Division's 2017 Outstanding Book Award, both from the National Communication Association In the Black liberation movement, imprisonment emerged as a key rhetorical, theoretical, and media resource. Imprisoned activists developed tactics and ideology to counter white supremacy. Lisa M. Corrigan underscores how imprisonment—a site for both political and personal transformation—shaped movement leaders by influencing their political analysis and organizational strategies. Prison became the critical space for the transformation from civil rights to Black Power, especially as southern civil rights activists faced setbacks. Black Power activists produced autobiographical writings, essays, and letters about and from prison beginning with the early sit-in movement. Examining the iconic prison

autobiographies of H. Rap Brown, Mumia Abu-Jamal, and Assata Shakur, Corrigan conducts rhetorical analyses of these extremely popular though understudied accounts of the Black Power movement. She introduces the notion of the “Black Power vernacular” as a term for the prison memoirists' rhetorical innovations, to explain how the movement adapted to an increasingly hostile environment in both the Johnson and Nixon administrations. Through prison writings, these activists deployed narrative features supporting certain tenets of Black Power, pride in Blackness, disavowal of nonviolence, identification with the Third World, and identity strategies focused on Black masculinity. Corrigan fills gaps between Black Power historiography and prison studies by scrutinizing the rhetorical forms and strategies of the Black Power ideology that arose from prison politics. These discourses demonstrate how Black Power activism shifted its tactics to regenerate, even after the FBI sought to disrupt, discredit, and destroy the movement.

Encyclopedia of Race and Crime Helen Taylor Greene, Shaun L. Gabbidon, 2009-04-14 Comprehensive in nature, these two volumes cover a number of broad thematic areas including basic concepts and theories of criminal justice, juvenile justice, public policy, the media specific groups and populations, and much more.

Image Makers Robert Jackall, Janice M. Hirota, 2000-07-20 Talking dogs pitching ethnic food. Heart-tugging appeals for contributions. Recruitment calls for enlistment in the military. Tub-thumpers excoriating American society with over-the-top rhetoric. At every turn, Americans are exhorted to spend money, join organizations, rally to causes, or express outrage. *Image Makers* is a comprehensive analysis of modern advocacy—from commercials to public service ads to government propaganda—and its roots in advertising and public relations. Robert Jackall and Janice M. Hirota explore the fashioning of the apparatus of advocacy through the stories of two organizations, the Committee on Public Information, which sold the Great War to the American public, and the Advertising Council, which since the Second World War has been the main coordinator of public service advertising. They then turn to the career of William Bernbach, the adman's adman, who reinvented advertising and grappled creatively with the profound skepticism of a propaganda-weary midcentury public. Jackall and Hirota argue that the tools-in-trade and habits of mind of image makers have now migrated into every corner of modern society. Advocacy is now a vocation for many, and American society abounds as well with technicians in moral outrage, including street-smart impresarios, feminist preachers, and bombastic talk-radio hosts. The apparatus and ethos of advocacy give rise to endlessly shifting patterns of conflicting representations and claims, and in their midst *Image Makers* offers a clear and spirited understanding of advocacy in contemporary society and the quandaries it generates.

Literature and Law, 2016-08-09 In recent years, there has been a continuing and persistent world-wide interest in the interaction between the two disciplines of law and literature. Although there have been many collections of primary texts that combined these two areas, this volume presents literary analyses and criticism in an attempt to assess the varied relationships between law and justice, between lawyers and clients, and between readers' perceptions and authors' intent,

hopefully suggesting why they have continually been yoked together. One similarity between the two is that lawyers, like writers, must catch their audience's attention by novelty of scene, distinctiveness of voice, and ingenuity of design. Furthermore, legal advocates must recreate a concrete sense of reality, developing vivid and valid pictures of a specific time and place. In short, both lawyers and writers attempt to provide a basis for juries / readers to judge defendants / characters by their motivations and their actions and to decide whether a favorable ruling / assessment is justified. Collectively, the essays in this book are designed to deal with themes of guilt and innocence, right and wrong, morality and legality. The essays also suggest that the world as it is delineated by lawyers is indeed a text that like its literary counterparts sometimes blurs the distinction between fact and fiction as it attempts to define "truth" and to establish criteria for "impartial" justice. By exploring interdisciplinary contexts, readers will surely be made more aware, more sensitive to the roles that stories play in the legal profession and to the dilemmas faced by legal systems that often succeed in maintaining the rights and privileges of a dominant societal group at the expense of a less powerful one.

Murder on Trial Robert Asher, Lawrence B. Goodheart, Alan Rogers, 2012-02-01 This fascinating collection examines murder jurisprudence—the social rules that govern the arrest, trial, and punishment of people accused of murder—in the United States from the colonial period to the present. The contributors show how changing social mores have influenced the application of murder law by highlighting the ways cultural biases like racism, changing ideas about childhood and insanity, and the ameliorative effects of middle class status and paternal imagery both helped and handicapped persons accused of murder. Such famous cases as the Lizzie Borden axe murder and African American activist Abu-Jamal's murder trial are included.

Incarcerating the Crisis Jordan T. Camp, 2016-04-18 The United States currently has the largest prison population on the planet. Over the last four decades, structural unemployment, concentrated urban poverty, and mass homelessness have also become permanent features of the political economy. These developments are without historical precedent, but not without historical explanation. In this searing critique, Jordan T. Camp traces the rise of the neoliberal carceral state through a series of turning points in U.S. history including the Watts insurrection in 1965, the Detroit rebellion in 1967, the Attica uprising in 1971, the Los Angeles revolt in 1992, and events in post-Katrina New Orleans in 2005. *Incarcerating the Crisis* argues that these dramatic events coincided with the emergence of neoliberal capitalism and the state's attempts to crush radical social movements. Through an examination of the poetic visions of social movements—including those by James Baldwin, Marvin Gaye, June Jordan, José Ramírez, and Sunni Patterson—it also suggests that alternative outcomes have been and continue to be possible.

The Crisis ,2002-07 The Crisis, founded by W.E.B. Du Bois as the official publication of the NAACP, is a journal of civil rights, history, politics, and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color. For nearly 100 years, The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers. It has chronicled, informed, educated, entertained and, in many instances, set the economic, political and social agenda for our nation and its multi-ethnic citizens.

Nothing to Lose but Our Fear Fiona Jeffries,2015-03-12 Our 24/7 lives are saturated with round-the-clock fear. Scare-tactic headlines fill our homes and our public spaces. If it's not the war on terror, it's the new war on the middle class. Crisis is the new black, as catastrophe after casualty after crash shape the order of the day. Nothing to Lose But Our Fear delivers a counter blow to this rampant culture of fear fuelled by the likes of CNN, Fox and the Daily Mail. Exploring contemporary and historical manifestations of this controlling force, the conversations in this collection go beyond just scrutinizing what constitutes rational versus irrational fear, or identifying ways in which human fears are manipulated by political players. They reveal how fear antagonizes and changes our subjectivity and, crucially, how the political use of fear has been resisted in different times and places, by different people across the globe.

The Exception To The Rulers Amy Goodman,2011-11-30 Amy Goodman has got the goods on the cowboys ruling the roost and dishing out the spoils of war in Washington. She serves them up here with hard facts and a sharp tongue that has won her legions of fans and a few well-placed enemies. An award-winning journalist with one of the most popular shows on American public radio, she fights daily to expose the lies, corruption and crimes of the power elite on behalf of that beleaguered breed: the unembedded citizen. The Exception to the Rulers will give you the facts you need to launch the counter-revolution: it traces the chain of contacts behind the crony contracts in Iraq and follows the money trail from payback to campaign contribution. It looks at American foreign policy around the globe and skewers a media so bent on selling the story that they forgot to check if it was true. September 11th was a windfall for Bush and his cronies -- and a disaster for just about everyone else. It's time to cut through the rhetoric and obfuscation gumming up the airwaves and expose the lies and hypocrisy that are putting the entire world at risk.

The Palgrave Handbook of Incarceration in Popular Culture Marcus Harnes,Meredith Harnes,Barbara Harnes,2020-02-03 The Handbook of Incarceration in Popular Culture will be an essential reference point, providing international coverage and thematic richness. The chapters examine the real and imagined spaces of the prison and, perhaps more importantly, dwell in the uncertain space between them. The modern fixation with 'seeing inside' prison from the outside has prompted a proliferation of media visions of incarceration, from high-minded and worthy to voyeuristic and

unrealistic. In this handbook, the editors bring together a huge breadth of disparate issues including women in prison, the view from 'inside', prisons as a source of entertainment, the real worlds of prison, and issues of race and gender. The handbook will inform students and lecturers of media, film, popular culture, gender, and cultural studies, as well as scholars of criminology and justice.

Let Freedom Ring Matt Meyer, 2008-09-01 Let Freedom Ring presents a two-decade sweep of essays, analyses, histories, interviews, resolutions, People's Tribunal verdicts, and poems by and about the scores of U.S. political prisoners and the campaigns to safeguard their rights and secure their freedom. In addition to an extensive section on the campaign to free death-row journalist Mumia Abu-Jamal, represented here are the radical movements that have most challenged the U.S. empire from within: Black Panthers and other Black liberation fighters, Puerto Rican independentistas, Indigenous sovereignty activists, white anti-imperialists, environmental and animal rights militants, Arab and Muslim activists, Iraq war resisters, and others. Contributors in and out of prison detail the repressive methods—from long-term isolation to sensory deprivation to politically inspired parole denial—used to attack these freedom fighters, some still caged after 30+ years. This invaluable resource guide offers inspiring stories of the creative, and sometimes winning, strategies to bring them home. Contributors include: Mumia Abu-Jamal, Dan Berger, Dhoruba Bin-Wahad, Bob Lederer, Terry Bisson, Laura Whitehorn, Safiya Bukhari, The San Francisco 8, Angela Davis, Bo Brown, Bill Dunne, Jalil Muntaqim, Susie Day, Luis Nieves Falcón, Ninotchka Rosca, Meg Starr, Assata Shakur, Jill Soffiyah Elijah, Jan Susler, Chrystos, Jose Lopez, Leonard Peltier, Marilyn Buck, Oscar López Rivera, Sundiata Acoli, Ramona Africa, Linda Thurston, Desmond Tutu, Mairead Corrigan Maguire and many more.

Liberation, Imagination and the Black Panther Party Kathleen Cleaver, George Katsiaficas, 2014-04-08 This fascinating book gathers reflections by scholars and activists who consider the impact of the Black Panther Party, the BBP, the most significant revolutionary organization in the later 20th century.
