**Amédée Gordini** Roy P Smith,2022-03-09 This is the story of a man, a team, and their life and times, as well as a complete record of all their achievements and failures. It logs the financial and personal cost of racing in the prewar and postwar periods. It tells of how the mighty car company Renault became involved with them in the late 1950s, and how Amedee Gordini became known throughout the world as one of the greatest engine tuners of his time.

*Cranswick on Classic Chevrolet Corvette 1953-1996* Marc Cranswick,2025-02-27 Rome wasn't built in a day, and, similarly, the dream of developing a world class American sports car took time and effort. Harley Earl and Ed Cole gave Corvette a push start, and Zora Arkus Duntov took the Plastic Fantastic into orbit, based on the combination of excellent design and hardware, as well as the racing achievements that followed. Once established, the Corvette became a Chevrolet icon, utilised by Bow Tie and GM marketing to benefit the automaker. However, Corvette was no loss leader, it earned its keep and the respect of industry commentators. The Corvette maintained all these qualities despite the triple whammy of insurance rate hikes, emissions controls and fuel crises, and survived into the '80s with a fresh design that took on all sports car competitors. Archive images, independent testing, and the viewpoints of Chevrolet and auto industry personalities illustrate the rise and rise of America's only sports car, including a substantial mid-engine genesis. Marc Cranswick's original commentary pays homage to the Corvette as an enduring glamor icon and the ultimate dream machine!

Runways & Racers Terry O'Neil,2022-02-03 Runways and Racers focuses on sports car races held at military installations throughout America in the early 1950s. It was a marriage of convenience for the Sports Car Club of America and the Strategic Air Command, with both parties gaining advantages from the arrangement. The thorn in the side turned out to be a

Congressman whose own aspirations exceeded his standing, but who found himself in a position to be able to influence the outcome of events ...
